Under the title "Razor and Tradition" the Sociology Faculty of Social Sciences at Tehran University organized a conference about Female Genital Mutilation (FGM) in Iran on 11th of July 2015. [More...](#)

The International Network to Analyze, Communicate and Transform the Campaign against FGM/C (INTACT), is an international group of researchers, scholars, and activists committed to bringing scientific evidence to bear on the campaign to end FGM/C. INTACT serves as a forum for FGM/C debate and helps bridge gaps in knowledge and information relevant to FGM/C on the local and the international levels. INTACT helps communicate lessons learned, disseminate research, and promotes the utilization of research findings to assist in the campaign against FGM/C. INTACT is managed by the Population

Council.
